

# StringLights

Your Single Source Supplier

- Easy installation
- Add a special touch to your bath or spa
- 6 brilliant colours and colour transition
- Connect up to 24 lights in one system
- String lights can be connected to any 12V AC connection

# StringLights

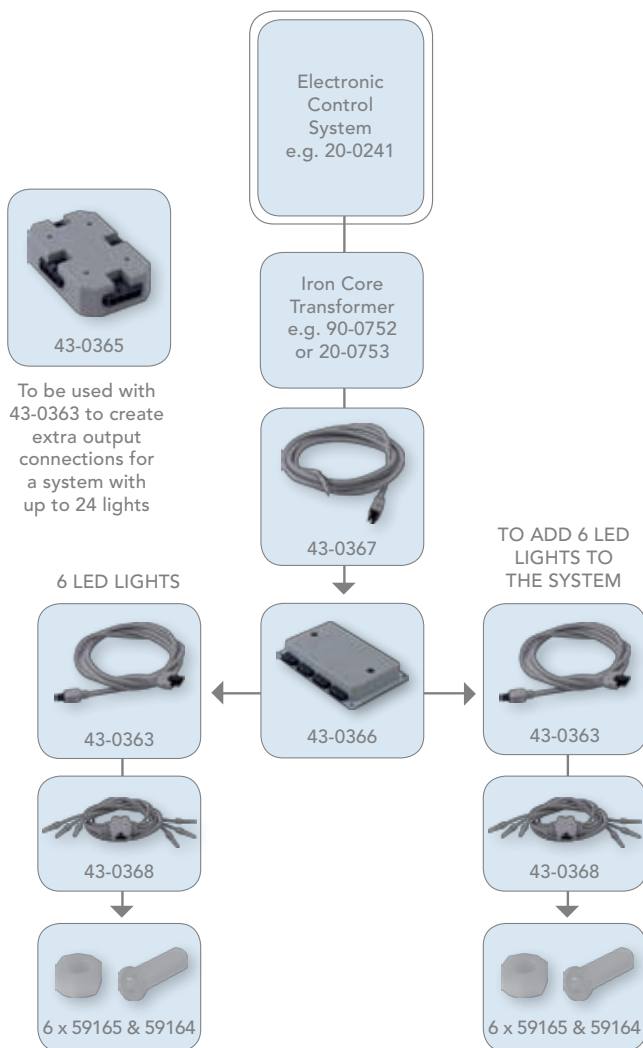

The String Lights can add that little extra to your bath or spa.

With the 6 brilliant colours and the colour transition program, you can add a touch of exclusivity to your whirlpool system.

The string lights can be connected to any system with a 12V AC connection, or can be used as a stand-alone system, if connected to a control box and a LED button or other button/panel. Connect up to 24 lights in one system.

## FOR STAND ALONE SYSTEM

### LED Light Controller

Material No: 43-0366

With 4 outputs. To be used with 43-0367 (power cable) for connection to 12V AC transformer and with 43-0363 (cable) for connection to 43-0368 (spyder)

### Cable To LED Light Controller

Material No: 43-0367

Cable used to connect 43-0366 (LED light controller) and 12V AC transformer. Cable length 143 cm
